Sliding doors

The REHAU System 2150, high-performance sliding door is customizable and versatile, with configurations for new construction and replacement in residential and light commercial applications. The system is available in white, beige and clay.

- 1 Welded frame and sash corners**
Provides structural durability and reduced air and water infiltration
- 2 4 9/16 in (116 mm) frame depth**
Provides flexibility for new construction and hassle-free replacement installation
- 3 Internal sill drainage system**
Achieves superior resistance to water leakage
- 4 Engineered aluminum reinforcements**
Provide excellent structural ratings
- 5 Up to 1 1/4 in (32 mm) glazing channel**
Accommodates triple glazing, increasing both energy efficiency and acoustical properties
- 6 Multiple configurations**
Allow flexibility for X-O, O-X, O-X-O, O-XX-O operation
- 7 Frame accessory grooves**
Offer flexibility for installation of jamb extensions, drywall returns and other accessories

Performance Summary

Structural: up to LC-PG45

Designed for Impact: up to DP50

Thermal: down to 0.20*

* based on simulation
