Enhancing lives**

Serve up style with nothing weighing on your mind.

A clean edge meets the modern eye. Extend your space with REHAU floating shelves that hold up to 15 lb/ft. Learn more about our shelves and custom sizes at na.rehau.com/shelves

 **REHAU**

Is your design goal to clear clutter, spark joy or provide ample storage you never thought possible?

Patented self-locking bracket design

REHAU's floating shelves are designed to use in any room for sleek minimalistic storage.

REHAU floating shelves are an elegant way to expand storage for everything from dishes and small appliances to decorative objects while complementing the clean, no-hardware design of modern European style cabinets.

These streamlined shelves are capable of replacing the storage capacity of upper cabinets while lending airiness and uncluttered style to kitchen, bath and accent wall design. The high-quality shelving, has a storage capacity of up to 15 pounds per lineal foot, enabling display and storage of far heavier items than previously possible without visible hardware.

Choose from a variety of surfaces, including high-gloss, super-matte, textured and matching, or mix and match contrasting options depending on the design choice of the space. Unlike the self-edge finish of traditional shelving, REHAU exclusively offers shelves finished with perfectly matched edgebanding, further enhancing the modern visual appeal.

Shelves finishes are an extension of our custom cabinet door line and include:

- RAUVISIO brilliant
- RAUVISIO noir
- RAUVISIO terra
