System 190

Hung, slider, fixed windows from REHAU. Find out more at na.rehau.com/hung-slider

Hung, slider, fixed windows

The REHAU System 190, combines the simplicity of a side-load design with high performance. New construction and replacement designs use common sash components, resulting in easier fabrication, reduction in inventory and lower production costs. The system is available in white, beige or clay.

- 1 Up to 3/4 in (19 mm) glazing capability**
Provides excellent acoustical and energy performance properties to meet current standards
- 2 Interlocking sashes with weather seals**
Guard against air and water infiltration
- 3 Pocket sill with frame accessory grooves**
Provides structural integrity. Hung and slider designs use same frame for reducing SKUs inventory
- 4 Frame accessory grooves**
Accept a variety of accessories such as brickmolds, extension jambs and mulling components
- 5 Main profiles engineered with multiple chambers**
Increase strength, energy performance and allow efficient water drainage
- 6 Integral nailfin**
Provides option for use in new-construction and replacement applications
- 7 Frame design**
Accepts a variety of screen styles including FlexScreen

Performance Summary

Structural: up to LC-PG40
Acoustical: up to STC 32; OITC 27
Thermal: down to 0.24*
* based on simulation
