

SYSTEM 190

Single-Hung, Single-Slider, Fixed Windows

The System 190 combines the simplicity of a side-load design with high performance. New construction and replacement designs use common sash components, resulting in easier fabrication, reduction in inventory and lower production costs. Profiles are available in white, beige or clay.

Performance Summary

Structural: up to LC-PG40

Acoustical: up to 34 dB

Thermal: down to 0.25*

* based on simulation

- 1 Up to 3/4" (19 mm) glazing capability**
Provide excellent acoustical and energy performance properties to meet current standards
- 2 Interlocking sashes with weather seals**
Guard against air and water infiltration
- 3 Pocket sill configuration**
Provides structural integrity
- 4 Multi-chambered frame design**
Features staggered weep system channels for efficient water drainage
- 5 Frame design options**
Provide choice of (A) Standard frame with interior and exterior accessory grooves and integral nailing fin or (B) Optional frame with 2 in (50 mm) stucco fin on exterior and accessory groove on interior or
- 6 T-mullion profile**
Enables multiple-lite configurations within a single perimeter frame
- 7 Integral nailfin**
Provides option for use in new-construction and replacement applications
