

## RAUCORD WEAVING MATERIAL

### QUALITY LIVING

RAUCORD is a **premium synthetic weaving material** suitable for **all kinds of applications** including outdoor and indoor furniture as well as garden and home accessories.

The material is manufactured using **renowned German engineering know-how and production technology**. The new generation **RAUCORD StressFlex** with improved flexibility stays in shape in both sunny and cold weather.

RAUCORD is suitable for outdoor applications. It has the following properties:

Feature	Benefit
 <b>UV resistant</b>	Uses UV stabiliser developed for the automotive industry to achieve durable protection
 <b>Weatherproof</b>	Able to withstand extreme temperature and harsh weather conditions
 <b>High tensile strength</b>	Robust material which is even suitable for commercial areas with heavy usage
 <b>Chemical resistant</b>	Not degraded by any common chemical (e.g. cleaning agent)
 <b>Environmentally friendly</b>	Made of Polyethylene which can be recycled residue-free
 <b>Colourfast</b>	Homogeneous, coloured through material for long-lasting and non-fading colours

Customers can choose from a vast variety of RAUCORD designs and innovations:

RAUCORD classic	RAUCORD natural	RAUCORD creative
		

Offers single-tone colours for classical designs as well as the fashionable Shimmer and Rainbow collections.

This range is made up of a wide selection of two-toned colours for a natural look.
