Design Support
Benefit from our design support, our team are dedicated to ensure that you have everything you need before your installation.

REHAU can assist with:
- Design & Pipe Sizing for each project
- Heat Loss Calculations
- Bill of Materials

5 Year Warranty
We are confident in our product solutions. We therefore offer you a 5 year product warranty on both RAUVITHERM and RAUTHERMEX.

Quality Assurance
RAUVITHERM and RAUTHERMEX comply with the insulation requirements of BS EN 15632.

UK Manufacturing
REHAU will continue to reduce our carbon emissions by an estimated 29.5% with the only UK production of pre-insulated PE-Xa pipe.

Service
REHAU offer a 5-day cut to length service from the UK’s largest stock.

On-site Support
We can visit you on-site and support you with training for you and your colleagues about our products and tooling.

Technical Documentation
All detailed documentation for installation and assembly will be provided for our products or you can download from www.rehau.co.uk.

REHAU Academy
We offer training courses on all our products at our Head Office or a location of your choice to ensure you are up to date with the latest information.

REHAU Connections
All our REHAU installers are able to join our installer loyalty scheme, where you can turn your pre-insulated pipe purchases into rewards. Visit www.rehau.co.uk/connections.

Marketing Support
We offer a number of marketing support services from creating project case studies, leaflets & brochures to photography and online support with product information for your web pages and social media.

HIGHLY FLEXIBLE WITH LOW HEAT LOSSES
RAUVITHERM pre-insulated pipe
To make a REHAU EVERLOC™ joint

2 components required

ONLY

RAUVITHERM uses the renowned REHAU EVERLOC™ jointing technology. The permanent fitting has been used on all PE-Xa systems since 1987 offering:

Reliability
No O-Ring ensuring a leakproof joint

Security
Over 500 million joints installed worldwide

Quality
Over 25 years experience offering REHAU PE-Xa pipe + one joint + one tool concept

29.5% CO₂ Reduction
By manufacturing in the UK, our constant drive to reduce our carbon footprint has been successful, with an estimated saving of 29.5% on CO₂ emissions.

Low Weight, High Flexibility
Immensely popular with installers due to its low weight and high flexibility, RAUVITHERM makes for a fast and easy installation on site.

High Insulating Performance
High insulating performance due to the closed cell PEX foam insulation. The outer layer of the foam is bonded to the outer jacket to prevent water ingress.

Long Coil Lengths
RAUVITHERM is available in up to 330m coils. The size range is in UNO (25mm – 125mm) and DUO (25mm – 63mm) and is fully UK stocked.

Tough On-site
RAUVITHERM pipe can withstand demanding on-site conditions thanks to the robust LLD-PE outer jacket.

Supporting UK Manufacturing
RAUVITHERM is the only UK manufactured pre-insulated PE-Xa pipe.

IT’S MADE IN THE U.K.
