

RAUVOLET CUSTOMIZED SOLUTIONS

FLEXIBLE STORAGE SYSTEMS

A SYSTEM SOLUTION FOR EVERY DESIGN NEEDS

RAUVOLET Roller Shutter systems represent an elegant and highly functional storage solution for nearly any type of cabinet. Whether desk height or full height, vertical or horizontal opening, or installed into wood panel or metal cabinets, the RAUVOLET range offers design flexibility whilst allowing maximum use of the space available.

ADVANTAGES:

- Space efficiency
- Available in various systems and designs
- Suitable for customized designs and applications
- Full opening access
- Smooth and quiet closure

Unlike conventional cabinet doors which require a lot of space when opened and are frequently difficult to grasp, REHAU roller shutter systems are flexible and space saving. Available in a wide range of systems to meet your needs, both wooden and steel cabinet.
