Introduced in the 1950s, PVCu Windows were originally available only in white. However, the addition of a mahogany wood effect at the beginning of the 80s signalled their rapid evolution in terms of colour, demonstrating their ability to meet the changing needs of the construction industry.
With developments in processes and technology, more foil colours are appearing in the market meeting the requirements of homeowners seeking something a little different.

**Colours**

REHAU’s foil colour range has been designed to help create the perfect colour finish both inside and outside your home. Foil colours include the popular Traditional woodgrain finishes, a range of Contemporary shades including Clotted Cream and Chartwell Green and bold Statement reds and blues.

**Finishes**

As well as the colour foil collection, there is a choice of smooth, grained and a new matt finish within our range.

All foil finishes carry extensive guarantees and are well proven for high performance and longevity in all types of weather conditions including bright sunlight, high rainfall or coastal locations, without colour deterioration or fade.

The foils are durable, scratch resistant and can be easily cleaned for long lasting visual appearance.

**THE COLOUR OF WINDOWS**

An evolution of choice

The application of laminate foil to our PVCu Systems was pioneered back in the 1970s when we developed the process of bonding a multi-layered semi-hard foil to the surface of the profile after extrusion. Up until the 1980s, white PVCu windows accounted for just 5% of the UK Market, today, PVCu windows account for approximately 80% of the total market share, one quarter of which are coloured windows.

REHAU have been at the forefront of the development of coloured profiles and are able to offer a wide range of foil laminate colours suitable for all applications.
Our four colour collections comprise of 25 solid and woodgrain laminated finishes offering a rich array of colours that meet the aesthetic desires of architects and the distinctive ideas of each and every homeowner.
