

Apprentice Electrical Engineer

Plant Blaenau

REHAU is the premium worldwide brand for polymer-based innovations and systems in construction, automotive and industry. From furniture to windows to aircraft, you encounter our systems every day, without noticing them. While they may be invisible, their benefits are always around us. More than 20,000 employees at 170 locations worldwide apply their expertise and innovative capabilities to ensure the continuous growth of our independent privately-held company. REHAU is the place to build a career, so why not join our team and contact us today!

Your role

We are currently recruiting for an Apprentice Electrical Engineer to join our team in Blaenau Ffestiniog.

Reporting to the engineering Manager, this apprenticeship will follow an NVQ level 3 in house and City & Guilds qualification leading to a career within our Maintenance Department with possible dual skilling in the future.

This apprenticeship will be of 3 to 4 years duration. We offer a competitive wage, 24 days paid holiday per annum, plus public holidays, work wear and a subsidised canteen.

Your profile

- Candidates should already possess a minimum of PEO qualification
- BTEC Level 3 in Engineering
- Excellent written and verbal communication skills
- Good Team Work ethic
- A full UK Driving licence would be an advantage
- Candidates should be willing to occasionally travel to other REHAU locations.

Interested?
