

Product Manager - Window Solutions (FTC)

Ross on Wye, Herefordshire

For more than 70 years, REHAU has been driven by a single ambition: to make everyday life better through the power of innovation. From our beginnings in 1948 with just two employees, founder Helmut Wagner built a company rooted in competence, passion, and technical curiosity — values that continue to shape who we are today. What started as a small enterprise has evolved into a global leader in polymer-based solutions, redefining what's possible in construction and industry. Still proudly independent and family-owned, REHAU today employs around 13,000 people across more than 50 countries — each one dedicated to creating smarter, more sustainable ways to live and work. The REHAU Group is home to a diverse family of specialized companies — REHAU Building Solutions, REHAU Industrial Solutions, REHAU Interior Solutions, the Meraxis Group, RAUMEDIC, and REHAU Window Solutions — supported by REHAU New Ventures and REHAU Global Business Services. Together, these subgroups combine deep industry expertise with a shared vision: to lead their markets, complement one another, and continuously engineer progress that enhances lives around the world.

Your role:

As an integral part of REHAU Windows Solutions, based at our UK Head Office in Ross-on-Wye, you will provide maternity cover for up to 12 months, within the Product Management Team responsible for our core range of products for windows and doors.

Working alongside other experienced professionals, you will offer administrative support in a range of commercial topics such as strategy implementation, pricing, market research, stock management, sales analysis and new product launches.

This will involve dealing with internal and external stakeholders including our UK sales force, Extrusion Factory and Suppliers to maintain the smooth running of the business and help REHAU continue to grow in a profitable and sustainable manner.

Your profile:

The successful candidate will have experience of working in a busy office environment and demonstrate:

- Knowledge of Microsoft Office and SAP;
- Good organisational and time management skills;
- The ability to multi-task and work to deadlines;
- Success at working in a team but also on own initiative;
- Good attention to detail with an interest in products and program ranges;
- Excellent communication skills;
- A strong 'customer-first' mentality.

Ideally educated to A-Level / HND standard, or qualified through experience, candidates must be able to demonstrate a structured approach to their work, a focussed, analytical mind and the ability to adapt to varied business situations and team requirements.
