

Engineering progress
Enhancing lives

Finance Assistant

Ross on Wye, Herefordshire

For more than 70 years, REHAU has been driven by a single ambition: to make everyday life better through the power of innovation. From our beginnings in 1948 with just two employees, founder Helmut Wagner built a company rooted in competence, passion, and technical curiosity — values that continue to shape who we are today. What started as a small enterprise has evolved into a global leader in polymer-based solutions, redefining what's possible in construction and industry. Still proudly independent and family-owned, REHAU today employs around 13,000 people across more than 50 countries — each one dedicated to creating smarter, more sustainable ways to live and work. The REHAU Group is home to a diverse family of specialized companies — REHAU Building Solutions, REHAU Industrial Solutions, REHAU Interior Solutions, the Meraxis Group, RAUMEDIC, and REHAU Window Solutions — supported by REHAU New Ventures and REHAU Global Business Services. Together, these subgroups combine deep industry expertise with a shared vision: to lead their markets, complement one another, and continuously engineer progress that enhances lives around the world.

Your role:

Reporting to the Financial Controller, your responsibilities will include:

- Subsidiary accounting, involving a range of tasks from salaries, journals, accruals and prepayments, pension, reconciliations, TB, fixed assets and producing monthly accounts;
- Subsidiary budgeting;
- Cashflow forecasting;
- VAT reconciliations;
- Financial accounts reconciliations and processes (such as BS, PL & GRNI rec etc);
- Financial accounting general enquiries;
- Audit assistance: year-end, interim and statutory audit, HMRC government audits and other audit requirements;
- Year End reporting and other adhoc reporting requirements;
- Annual stock check attendance;
- Treasury cover: raising payments, inter-company netting, bank & group correspondence and bank reconciliations.

Your profile:

The ideal candidate will possess the following:

- Self-driven, friendly & a positive disposition, with a clear focus on high quality and delivering results;
- Accuracy, attention to detail, excellent organisation skills;
- Actively participates in team work to ensure organisational goals are met;
- The ability to prioritise own workload & multitask;
- Previous accounting experience, AAT/CIMA/ACCA part-qualified or equivalent;
- Computer literate in all MS Office applications;
- Previous working knowledge of SAP and SAGE would be an advantage.
