

Management Accountant

Ross on Wye, Herefordshire

For more than 70 years, REHAU has been driven by a single ambition: to make everyday life better through the power of innovation. From our beginnings in 1948 with just two employees, founder Helmut Wagner built a company rooted in competence, passion, and technical curiosity — values that continue to shape who we are today. What started as a small enterprise has evolved into a global leader in polymer-based solutions, redefining what's possible in construction and industry. Still proudly independent and family-owned, REHAU today employs around 13,000 people across more than 50 countries — each one dedicated to creating smarter, more sustainable ways to live and work. The REHAU Group is home to a diverse family of specialized companies — REHAU Building Solutions, REHAU Industrial Solutions, REHAU Interior Solutions, the Meraxis Group, RAUMEDIC, and REHAU Window Solutions — supported by REHAU New Ventures and REHAU Global Business Services. Together, these subgroups combine deep industry expertise with a shared vision: to lead their markets, complement one another, and continuously engineer progress that enhances lives around the world.

Your role:

We are looking to recruit a Management Accountant with the following responsibilities:

- Production Article Costing;
- Target Price Costing;
- Monthly updating of Raw Material and Packaging Prices;
- Trial Order Costing;
- Month end processing;
- Project Work;
- Ad hoc Management Accounting tasks.

Your profile:

You will have an Accounting background and be comfortable working in a small team.

You will have an organised and analytical approach, to enable you to deliver results and meet deadlines with a high level of accuracy.

You will be computer literate in all MS Office applications and a previous working knowledge of SAP would be advantageous.
