IMPORTANT SAFETY INSTRUCTIONS

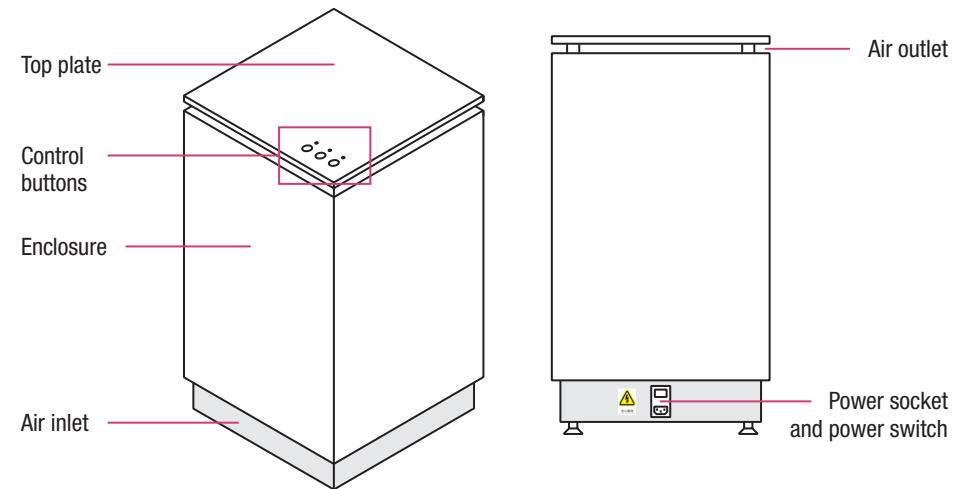

Before using BREATHE by REHAU air purifier, the following precautions should always be observed. Examples of these factors include, but are not limited to:

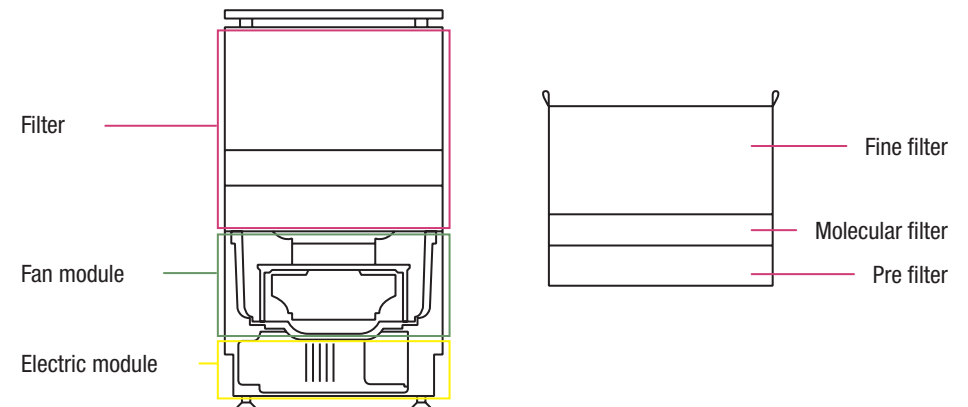

1. Do not use outdoors.
2. Do not soak the air purifier in water or other liquids, or splash water on it.
3. Do not close the top plate rapidly.
4. Make sure the voltage of the air purifier indicated corresponds to the local voltage before connecting it.
5. Always disconnect the power supply from the device by unplugging the power cable before adding or removing parts and before cleaning.
6. Do not operate the air purifier under the following circumstances:
 - It has a damaged power cord or plug
 - The fan motor fails to rotate or doesn't work properly
 - It has been covered by water
7. Do not use the air purifier in areas with very high concentration of dust or powder to prevent the danger of dust explosion.
8. Do not use the air purifier in explosive areas.
9. Do not use the air purifier in very humid place (e. g. Bathroom and laundry room etc.) or place next to a humidifier.
10. Do not use the air purifier near sources of heat, such as radiators, fireplaces or ovens.
11. Keep the power cord away from heated surfaces.
12. Do not obstruct the air inlet and air outlet of the air purifier.
13. Do not place the air purifier on a soft surface such as a bed or other soft furnishings.
14. Make sure the machine stands upright at all time.
15. Only use REHAU filters.
16. Protect the power cord from being walked on or pinched.
17. This air purifier can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the air purifier in a safe way and understand the hazards involved.
18. This air purifier can only be used by children aged from 8 years and above, children shall not play with the air purifier, cleaning and user maintenance shall not be made by children without supervision.
19. The RF exposure information: To maintain compliance with the RF exposure requirement, a separation distance of 20 cm between the device and the human should be maintained.

PRODUCT INTRODUCTION

Overview

Inside structure

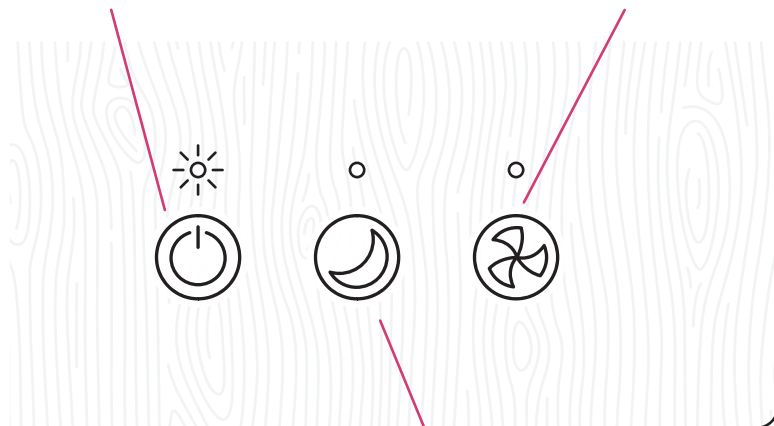

Top plate

Power Button

Once you press this button, the auto mode is activated. The fan speed will be adjusted automatically depending on the air quality. The speed will change between low, medium and high speed.

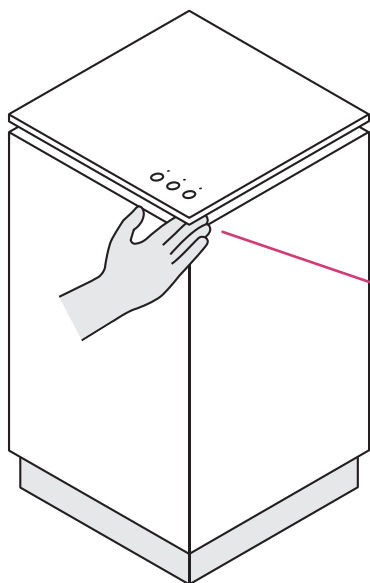

Manual mode Button

Manual mode - Switch between high, medium and low speed, you can change it through Manual Mode Timer on APP.

Night mode Button

Night mode-low speed. Once you set up night mode, the air purifier will be working in low speed, you can change it through Night Mode Timer on APP.

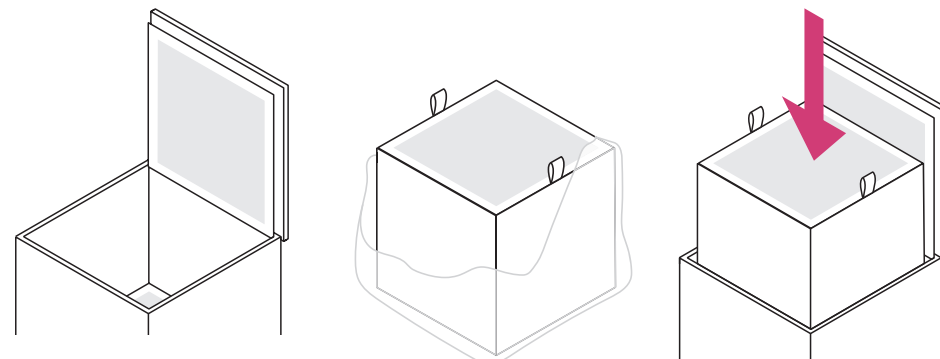

Wi-Fi Reset Button

Please press and hold Wi-Fi reset button with top plate closed when device is on running mode until you hear a beep sound, the process will take about 5 seconds. The power button LED will flash in blue which means the Wi-Fi reset process is successful and the air purifier is ready to be paired with your APP. If the process isn't completed within 2 minutes, please repeat the reset process. Wi-Fi reset function doesn't work when device is on standby mode.

AIR PURIFIER SET-UP

Preparation

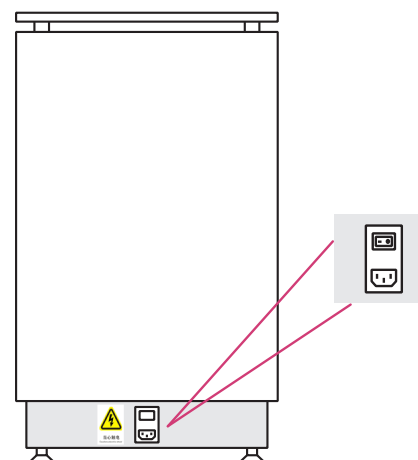

1. Open the top plate

2. Remove the plastic protection

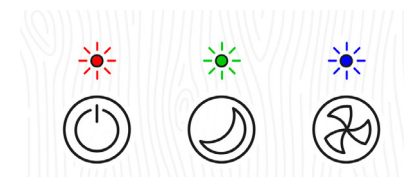

3. Put the filter back and close the top plate

Start Air Purifier

1.1 Plug in the power cable and switch on the power button at the bottom of air purifier.

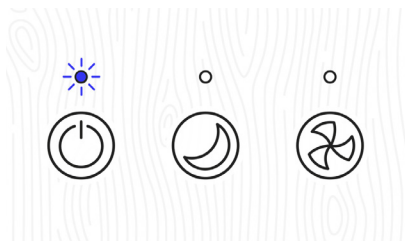

1.2 The self-test mode is activated while three LEDs flash in red, green and blue for a few seconds.

1.3 If self-test mode fails, the power LED will flash in red. Please contact local dealer or call customer service hotline: 400-828-4066.

2.1 Press the power button, the auto mode is activated. If the device isn't paired to the APP, the power LED will flash in blue. Please open the APP and follow instructions on how to pair the device to the APP.

2.2 If the device is paired but can't be connected to the internet, the power LED will flash in green, please check your Wi-Fi connection.

AIR PURIFIER PAIRING WITH APP

Preparation

1. Connect Wi-Fi

Make sure that your phone is connected to Wi-Fi. Do not use the Wi-Fi which requires verification via browser. BREATHE only supports 2.4 GHz Wi-Fi.

2. Download APP

Scan the QR codes below or search "REHAU Home" from IOS and Android APP store to download the App.

iOS

Android

3. Pair Device

Pair the device by following instructions on APP.

FILTER REPLACEMENT

Filter lifetime indication

When the filter need to be changed, the power LED will flash in white.

When the value goes down to 0%, you need to change the filter in your air purifier. We recommend you to order a new filter when the value drops below 20%.

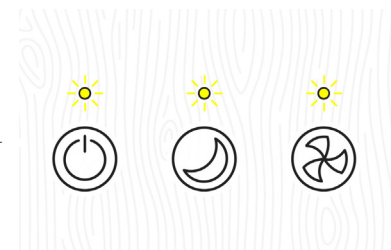

You can go to REHAU JD.com online store to order new filters. You can also scan the QR code on the filter which will direct you to REHAU website to purchase new filters. The APP will notify the user when it's time to change the filter.

Filter lifetime calibration

You can calibrate your filter lifetime anytime you want.

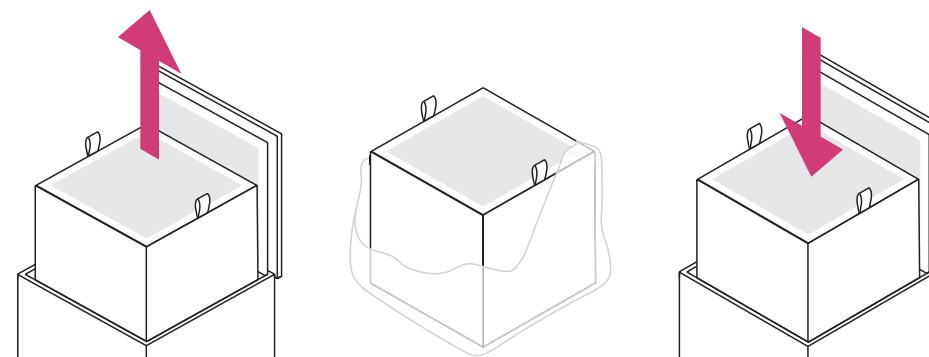

All LEDs will flash in yellow while calibrating.

The air purifier will also calibrate the lifetime automatically at 1PM on the first and third Monday every month by default. When remaining filter lifetime is 0%, the air purifier will calibrate at 1PM every day. This process may take about 2 minutes to complete. During this time, the air purifier cannot be controlled.

Replacing filter

Turn off and unplug the air purifier before moving, cleaning and replacing the filter.

1. Remove the old filter

2. Unpack the new filter

3. Place the new filter into air purifier

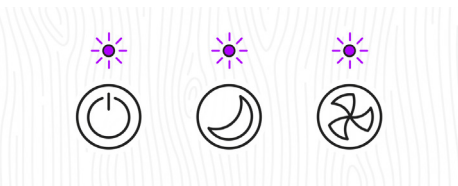

CARE AND MAINTENANCE

Basic rules

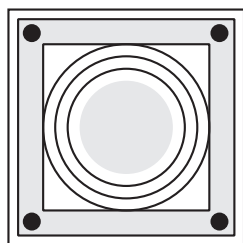

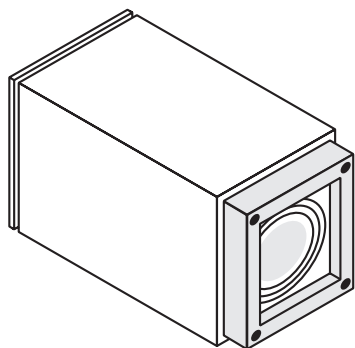

- Please read the "Important safety instructions" on page two carefully.
- Do not use the air purifier near high temperature and humid areas such as rest rooms.

Firmware update

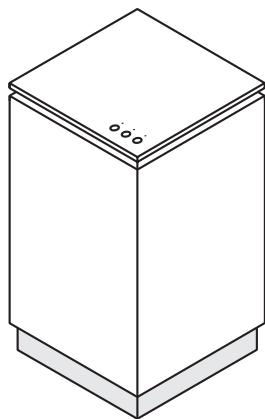

Once a new firmware is available, the device will get updated while connected to the Internet. All LEDs will flash in purple during the firmware updating. This process will start automatically and may take about 1 minute to complete. During this time, the air purifier can't be controlled.

Fan grid maintenance

1. Unplug the power cable.
Place the air purifier flat on a soft surface.
2. Use a brush or vacuum cleaner to clean the grid.

3. Carefully put air purifier back to standing position.

CONSUMER WARRANTY TERMS AND CONDITIONS

Limited warranty

1. [REHAU Polymers (Suzhou) Co., Ltd] ("Rehau") hereby guarantees to the original retail purchaser ("Consumer" or "You") that its [BREATHE 2] Products ("Product") are free from defects in material, design and workmanship under normal use in accordance with the operating instructions and pursuant to the following terms and conditions.
2. The limited warranty period covers **TWO (2) years** for Product from the date of purchase (i.e. the issuing date of invoice or receipt) as documented by valid proof of purchase – e.g. official receipt, original invoice, and certificate of purchase or any similar valid documents indicating clearly the following information: dealer's name/ stamp, date of purchase, product model and serial number. Non-compliance of the required proof of purchase may delay and void the application of the limited warranty.
3. During the limited warranty period, REHAU or its authorized service provider will repair without charging the defective unit inclusive of labor and parts and restore the unit to its optimum working condition. All defective parts used for the warranty repair should be returned to REHAU or to its authorized servicer.
4. Any free repair or replacement in this Limited Warranty **EXCLUDES** filters which are consumables.
5. The Limited Warranty is applicable in mainland China only, excluding Hong Kong, Macao and Taiwan.

Limited warranty conditions

6. **Seven (7)-Day Free Return**
In the event of defectiveness in Product material, design and workmanship found within seven (7) days from the date of purchase, you may choose to repair the Product or replace the Product with the same model and specification, or return the Product to the Retailer. You are advised to contact our Customer Care Center at [400-828-4066] or email [breathe.customerservice@rehau.com] to check whether the warranty conditions are met before action.
7. **Fifteen (15)-Day Free Replacement**
In the event of defectiveness in Product material, design and workmanship found within fifteen (15) days from the date of purchase, you may choose to repair the Product or replace the Product with the same model and Specification.
8. **Two (2)-year Free Repair**
In the event of defectiveness in Product material, design and workmanship found within two (2) years from the date of purchase, we offer free repair. Please see warranty range for details of which circumstances is not covered by the free maintenance.
9. **Free Periodical Software Update**
We offer free periodical software update in order to ensure the optimal user experience.

10. This Limited Warranty does not cover:

- Claims for loss of use or inconvenience due to any malfunction, damage caused by lightning, water or other liquid intrusion, fire, flood, accident, computer virus attack, negligence, misuse or improper handling/operation or damages to filters.
- Product that has been damaged due to installation, disassembly, repairs, alteration or modification by nonauthorized service, organizations or persons.
- Man-made damage, including from poor transportation, abnormal operation and usage or where the User Manual has not been followed correctly.
- Claims where the product label specifying the model number, serial number or production code has been removed or altered.
- Parts requiring replacement due to ordinary wear and tear, corrosion, rust or stains, dents on the casing or paintwork of the product.
- Defects or faults where the product has been used for commercial/industrial purposes or has been rented/leased or has otherwise been subject to non-household/non-domestic use.
- Claims without valid warranty card or the purchasing invoice.
- Claims where the free return/replacement/repair period has expired.

11. If the defectiveness has been confirmed by REHAU or its authorized service provider, the freight cost will be paid by REHAU. Otherwise, the cost will be paid by the Customer.

12. REHAU obligations are limited to the repair and replacement of defective product. Except as set forth above, there are no other express or implied warranties and all warranties, conditions or other items implied by statute or common law are excluded to the fullest extent permitted by law.

13. REHAU total liability for damages relating to or arising out of the purchase or use of the Product regardless of the type or cause of such damage of the form of characterization of the claim asserted (e.g. contract or tort) shall not exceed the original purchase price paid for the Product.

However in no event shall REHAU, REHAU's affiliated companies, REHAU's authorized retailers be liable for any punitive, special incidental, indirect or consequential losses or damages whatsoever (including without limitation, damages for lost revenue, business, profits, goodwill or contracts, business interruption, loss of business information or any other pecuniary loss), whether or not REHAU has been advised of the possibility of such damages. These limitations shall apply notwithstanding the failure of the essential purpose of any limited warranty. This limited warranty does not affect the Consumer's statutory rights under law.

No carrier, retailer, agent, dealer or employee thereof is authorised to make modifications to this Limited Warranty and you should not rely on any such representation. REHAU reserves the right to amend the terms and conditions if necessary.
