

RAUKANTEX INSPIRATION

EDGE BAND DESIGNED TO INSPIRE

With customers constantly wanting to differentiate and individualize their product offer, edgeband is now seen as a design feature opportunity in its own right. Ever increasing panel and frame thicknesses have resulted in edgeband design no longer being an afterthought. With RAUKANTEX inspiration we are exploiting this potential, by offering novel, creative decors, which give focus and open up new perspectives in furniture and interior design. REHAU's dazzling array of decors range from fancy florals and "off the wall" decors to strong black and white designs, which have recently emerged as a key market trend.

ADVANTAGES:

- RAUKANTEX inspiration creates distinctive highlights for your furniture through creative design
- Mirror gloss surface with a gloss level of > 85 points and an unequalled reflective quality
- Very tight radii possible
- Good chemical resistance
- High UV resistance (level 7 to 8 on the wool scale)
