

RAUCORD CREATIVE – ABACA COLLECTION

NATURALLY TWISTED

Exceptional
natural abaca look

TWIST AND MERGE INTO ONE

Individual profiles twist into one shape resulting in a very natural weave, leaving an impression of the exceptional **Asian abaca** material.

RAUCORD Abaca collection provides the same natural effect indoors and out, but without the mold and wear. The abaca look not only creates an exotic ambience but also lends a touch of elegance to any kind of setting.

COLOURED THROUGH LOOK

A **homogeneous coloured-through** look as opposed to surface-printed prevents the furniture from colour peeling. In addition, the multi-colour twist adds an exceptional look to the design of the furniture or accessory.
