‘WE NEED A GREAT PARTNER FOR GREAT IDEAS.’

Whether it's in a shop, showroom, or trade-fair stand: anyone involved in the fit-out of ready-to-go retail areas, whatever the size or complexity, has to be able to guarantee their customers planning and budget reliability. This is only possible with a reliable, equally expertise partner with in-depth knowledge of the sector, who stands out with know-how made in Germany: REHAU.

REHAU is synonymous with exclusive design and premium quality without compromises. Benefit from the largest system and decorative design diversity in the sector and take advantage of our experience in interior design to help your company succeed.

‘I DON'T WANT TO HAVE TO THINK ABOUT FEASIBILITY DURING DESIGNING.’

In addition to a high level of creativity, interior design experts must demonstrate in particular versatility and flexibility in to be successful in the long term. This is particularly relevant to those companies which offer their customers everything from one source – from planning to manufacturing right through to installation.

With REHAU, you have a competent partner at your side, who actively advises and supports you in all creative interior design areas. Rely on over 60 years of industry experience - we know the challenges of the project world back to front.

**‘IN DAY-TO-DAY BUSINESS,
WE NEED A PROJECT
PARTNER WHO ALSO
CONTRIBUTES IDEAS.’**

Last-minute changes of plan, custom-made products under time and cost pressure, limited employee resources – it is no mean feat to survive when these are the general conditions of day-to-day business. So it is good to have a reliable partner, one who will pull out all the stops when things get hectic or components are sought, which do not yet exist in this form.

REHAU provides support when implementing individual customer requests and advice from the concept stage of an idea right through to the completed interior design project. Partnership. Reliability with a diversity unique in the sector.

The REHAU interior design portal has been created to provide you with exclusive tools and services, helping you to plan your projects even more efficiently and ensure that they succeed. If you want to, we can essentially become a part of your team. Use our manpower and our know-how – for a partnership with impact.

COMBINED WITH EASY PROCESSING.'

RAUVISIO SURFACE SOLUTIONS

For design that creates an ambiance

RAUVISIO is a range of innovative surface range which combines functionality with durability and a virtually endless variety of design possibilities. Whatever the surface you intend to design, we have the right solution for every ambiance.

RAUVISIO crystal

In developing RAUVISIO crystal, REHAU has revolutionised the market for glass applications. The polymer surface material fully compensates for the disadvantages of real glass, and combines the its advantages with the positive properties of thermoplastic laminates. Meet the most flexible glass of all times.

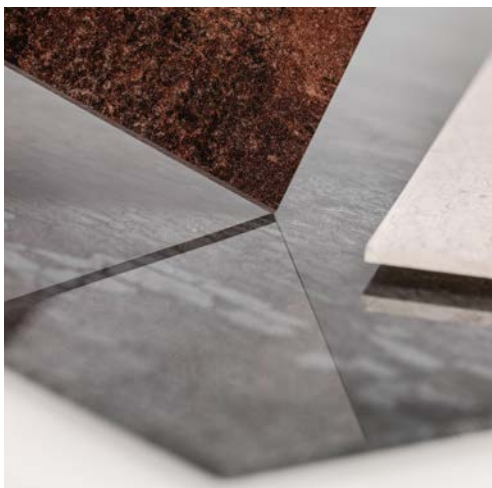

RAUVISIO crystal slim

Even more scope for glass-look ideas: use glass panels as splashbacks, wall cladding, or front infill panel. Moreover RAUVISIO crystal slim is also ideally suited for the renovation of wall tiles - even in rooms containing water installations. Can also be supplied with magnetic function on request.

Custom-made fronts,
from 1 piece:

50% lighter than real glass

RAUVISIO crystal decor

We have expanded our collection to include new, vivid decorative designs and therefore also expanding your creative freedom. Combined with smart glass, the new, fashionable decorative designs create a refined depth effect, regardless of whether it is high-gloss or matt.

Extremely
scratch -
resistant

RAUVISIO brilliant SR

With its outstanding depth effect, the latest generation of our high-gloss acrylic laminate replaces costly lacquered solutions without compromising on the lacquer effect. RAUVISIO brilliant SR matt variant also sets highlights. The seamless bond between board and edgeband creates a all-round, perfect component of excellent design. RAUVISIO brilliant SR is particularly scratch-resistant thank to its hard coat and therefore perfectly suitable for the interior design. RAUVISIO brilliant SR matt can also be bonded with carpenter's glue.

Highly UV-resistant
for indoor use

RAUVISIO mineral / HANEX solid surfaces

RAUVISIO mineral / HANEX solid surfaces turn ideas into reality individually according to what the customer requests and precisely according to the specifications of the planner. This is not only ensured by a comprehensive range of decorative designs but also a huge selection of panels, basins and sinks.

Product coordination
guide with RAUVISIO
crystal

RAUVISIO wave

The RAUVISIO wave textured laminate captivates with its unique, wave-like surface. It displays fascinating light and shadow patterns depending on how the light falls, making your furniture surfaces more dynamic.

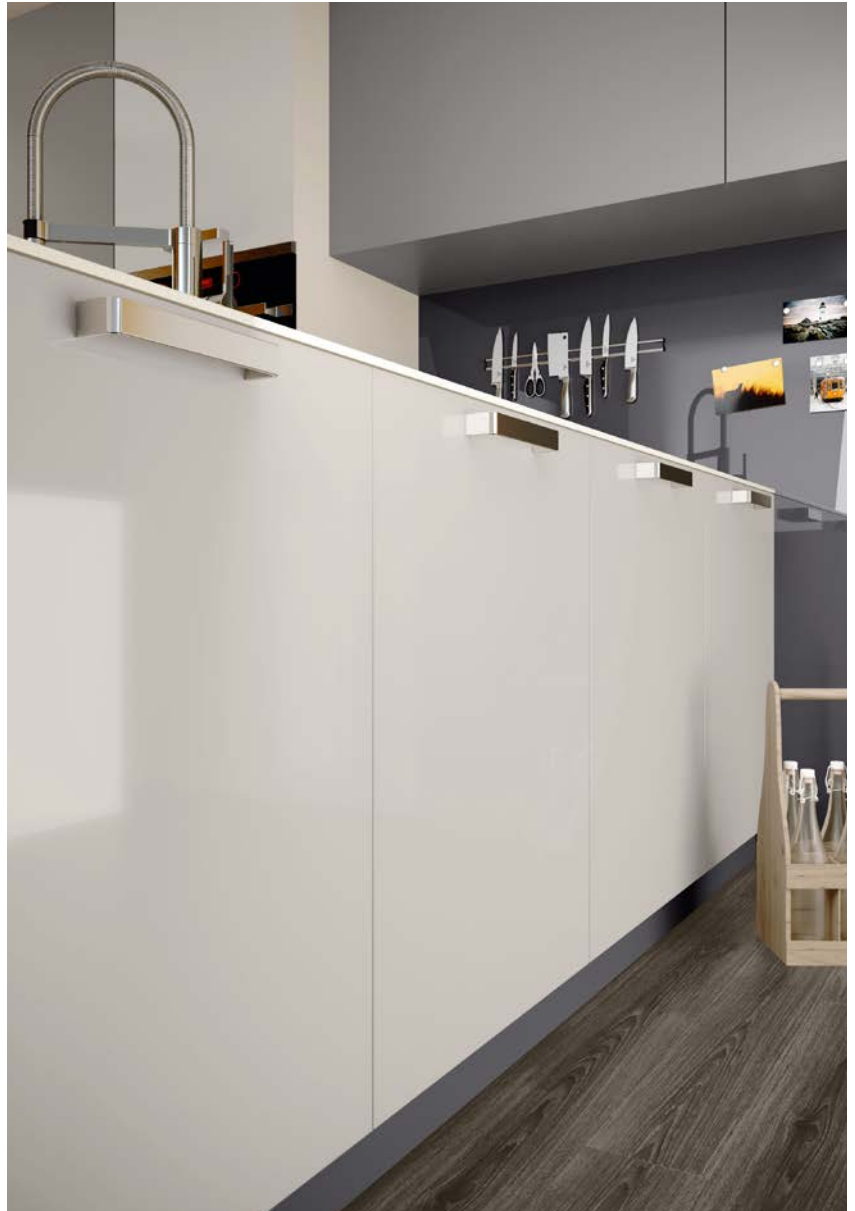

Available ready-to-paint
Vario for custom colour
shades

RAUVISIO fino

RAUVISIO fino from REHAU offers a cost-effective and at the same time, high-quality alternative to lacquered components. The lacquered laminate is used as a vertical front panel for high-gloss and matt surfaces alike.

Entering the world
of lacquers

Design down to the last detail

Are you looking for an edgeband to match your board? It only takes a few clicks to find the perfect combination of edgeband and board. We supply the full range of decorative designs in all sizes and materials, meaning we can match 15,000 board and laminate samples from all the top manufacturers in Germany and beyond. The classic primer edgeband RAUKANTEX pure and RAUKANTEX plus, the edgeband for the invisible joint, are available from just 1 m. REHAU can also supply RAUKANTEX pro, the completely seamless zero-joint edgeband, in quantities from 1 coil. All allocations are matched on a surface level, so there is no need to match the embossing and lacquer separately. Also take advantage of our free sample service.

RAUWALON WALL SEAL SYSTEMS

The neatest connection between worktop and wall

The RAUWALON wall seal system sets the standards in terms of design, processing and decoration. Our system lines have been designed to be compatible with all of Europe's leading board manufacturers and are available in a virtually endless number of decorative designs. Implement your design ideas consistently across the full range of products and components to add the visual finishing touches to your kitchen projects that they deserve.

New: RAUWALON perfect-line
with invisible sealing lip.
Invisible, yet indispensable.

**'WALL SEALS SHOULD
PRIMARILY DO ONE THING:
TO NOT STAND OUT.'**

RAUBASE PLINTH SYSTEMS

The basis for modern kitchen design

Functional and decorative, REHAU plinth systems consist of plinth covers, corner profiles, external and internal corners (90° and 135°), end caps and plinth sealing profiles, enabling you to design your kitchen ideas with a uniform surface from scratch or to set specific highlights. In addition, hollow sections with a soft, invisible sealing lip provide a reliable barrier against moisture and dirt. REHAU plinth covers can be supplied in nominal heights of 100, 125, 150 and 225 mm.

Waterproof
The sealing lip provides reliable buffer against moisture and dirt.

Universal metal plinth cover clip
for easy fastening

**'WE APPRECIATE
THE ATTENTION TO DETAIL.
IT IS THE DETAILS THAT MAKE
THE DIFFERENCE FOR US.'**
