

RAUWALON SYSTEM LINE 2

PERFECT FINISH

RAUWALON SYSTEM LINE 2

PRODUCT BENEFITS

The combination of technical know-how and exclusive design results in visual perfection - this is the new system line 2.

REHAU is the only manufacturer to offer a wall seal profile with an invisible sealing system to the worktop, which ensures a seamless transition

between the worktop and the wall seal system with a continuous surface effect.

The tried and tested REHAU technology packed into a new design - an invisible, bottom sealing lip ensures that the wall seal visually fuses together with the worktop and is still as waterproof as the other tried and tested REHAU wall seal profiles.

The innovative REHAU seal does not only set highlights in terms of its function but also provides a completely new design dimension in the kitchen. The profiles can be matched to virtually all worktop decors with the REHAU decoration technology.

Delicate, low-key fittings are further, high-quality components and perfectly fit into the product range coordination guide. This lends your kitchen a uniform appearance.
