A woman with her hair in a bun, wearing a dark blue dress and gold earrings, is filling a copper pitcher at a kitchen sink. The sink has a modern, curved faucet. To the left of the sink is a coffee machine and a basket of oranges. To the right is a vase of yellow flowers and a vase of white flowers. The background features a large window with a view of a forest and a wooden pillar. The text "Enhancing Lives" is overlaid in the center of the image.

Enhancing Lives

Adding new value to your windows and doors.

REHAU Attivo provides the perfect hardware solution for any type of project with tilt-turn windows and doors, providing long-lasting value and security to your customers.

Perfect match with REHAU profiles for optimal performance in every aspect.

10-year limited warranty provides peace of mind.

REHAU branded hardware and handles provide a visual reminder of the superior quality.

REHAU

Increasing flexibility for all-spectrum design.

Lead your customer into cutting-edge designs when you specify REHAU Attivo handles in their next project, allowing them to experience elegance, comfort and security.

Enhances design elements with wide range of colors and matching hinge cover caps.

Fulfills the most stringent demands in security, ease of function, durability and design.

The European-made window and door hardware program is manufactured using a quality management system that has been certified to the latest version of ISO 9001.

REHAU Attivo tilt-turn hardware includes a wide range of products that offer excellent quality and surface protection.

Our components are created by using a hot-dip galvanizing process to ensure superior corrosion resistance, simple use and clean appearance.

Tilt-turn hardware

Fixed and centered - variable handle height, standard

REHAU Attivo includes two handle lines based on customers' requirements in style, price and perception of value; however, there is one thing both lines have in common - REHAU Quality.

Classic Line

Handles

The Classic line offers fixed spindle lengths making it suitable for installation into different profile thicknesses. Accordingly, two spindle sizes are available.

Classic handles for 60 mm profiles

Article No.	Description	Spindle Length (mm)	Box Quantity	Minimum Order
359156-001	Classic handle 60, white	37	10	1 box
359291-006	REHAU branded classic handle 60, white	37	10	1 box
359291-001+	REHAU branded classic handle 60, silver	37	10	1 box
+TBD	Classic handle 60, brown	37	10	1 box

+ This item is not stocked. Lead times may vary.

Classic handles for 86 mm profiles

Article No.	Description	Spindle Length (mm)	Box Quantity	Minimum Order
+TBD	Classic handle 86, white	42	10	1 box
+TBD	Classic handle 86, silver	42	10	1 box
+TBD	Classic handle 86, brown	42	10	1 box

+ This item is not stocked. Lead times may vary.

LINEA Line

Handles

The LINEA line features a single window handle that adjusts to a range of profile thicknesses using a spring-activated spindle mechanism. This handle is additionally distinguished by a superior anti-burglary safety mechanism, which makes it difficult to twist the spindle and move the window fitting from outside.

LINEA handles for 60 and 86 mm profiles

Article No.	Description	Spindle Length (mm)	Box Quantity	Minimum Order
327896-006	LINEA handle, white	37 - 42	10	1 box
