Exelis 2090 System

The Exelis 2090 sliding patio door is customizable and versatile, with configurations for new construction and replacement in residential applications. The system is offered in white or beige, clay upon request and Blackbrown foil.

1 Reversible sashes

Either an X-0 or 0-X can be produced from a single unit

2 19 or 22mm glazing capabilities

Provide excellent acoustical and energy performance properties exceeding Energy Star range with single or double glass capacities

3 Sash accepts aluminum reinforcement

Allows for big openings and excellent structural ratings

4 141 mm frame depth

Provides flexibility for new construction and replacement projects

5 Versatile frame

Standard frame and integral J fin frame
