

# Apprenticeships

## Plant Blaenau

REHAU is the premium worldwide brand for polymer-based innovations and systems in construction, automotive and industry. From furniture to windows to aircraft, you encounter our systems every day, without noticing them. While they may be invisible, their benefits are always around us. More than 20,000 employees at 170 locations worldwide apply their expertise and innovative capabilities to ensure the continuous growth of our independent privately-held company. REHAU is the place to build a career, so why not join our team and contact us today!

### Your role

We are currently recruiting for 5 Apprentices to join our team in Blaenau Ffestiniog.

- 2 x Process Apprenticeships – you will follow an NVQ route in house of 2/3 year duration, training in all aspects of our production and inspection processes. Previous candidates have secured positions from Machine Operator through to Process Technician, up to Plant Manager.
- 3 x Engineering Apprenticeships- 1 in our Tool Room leading to a career as a Toolmaker, 1 initially in Mechanical Engineering and 1 initially in Electrical Engineering, both leading to a career in our Maintenance Department with possible dual skilling in the future. All 3 Engineering apprenticeships would be of 3/4 years duration completing a NVQ3 level in house and City & Guilds Engineering qualification

All of the above Apprenticeships offer a very competitive wage, 24 days paid holiday, plus public holidays per annum, work wear and a subsidised canteen.

### Your profile

The ideal candidate will have:

- An interest and aptitude in processes and engineering
- Be over 18 years old due to shift work requirements
- Minimum of PEO qualification for the Engineering Apprenticeship
